

SIMPLIWATER™ QD2

Point-of-Use Water Disinfection

NO POWER.

NO CHEMICALS.

NO PATHOGENS.

- Powered by Quantum Disinfection™ Technology.
- Tested & Certified to eliminate microorganisms/pathogens (minimum Log 5) including E-Coli and Viruses. That's 99.999% effective.
- Up to 30,000 gallons of use, with flow rates up to 2 gallons per minute.
- Easy to install in almost all types of situations and existing filter systems.
- Ideal for kitchens, bathrooms as well as horticulture irrigation, post treatment of R.O. Water, Animal husbandry and domestic food preparation.
- Costs less than 1/2 a cent/gallon, making it the lowest cost bacteria cyst, virus and pathogen treatment available.
